COASTAL STYLE | Location: Jupiter, FL

This home was completely renovated to create an open plan configuration that seamlessly blends the indoors with the outdoors, exuding coastal modern design. The soft color palette also highlights the couple's vibrant and bold art collection.

ECLECTIC STYLE | Location: Hobe Sound, FL

I designed the home to reflect the clients' warm, lively personalities and love of travel. Each room is saturated with its own color and pattern—complementing the unique layout, the clients' worldly collections, and the architectural details of the home.

TRADITIONAL STYLE OVER 3,000 SQUARE FEET | Location: Juno Beach, FL

Many traditional elements are brought to life in this timeless home—from the open-space concept and custom millwork to the soft color palette. Uniquely, this house has wallpaper in almost every room, but each offering a different texture and feeling. The result is a warm sanctuary with formal touches that celebrates the couple's love of art, the outdoors, and spending time with family.
